TMSWizzard

Company details

Silver Lady Holdings Ltd, trading as TMSWizzard
Church View, Newton Arlosh
Wigton, Cumbria, CA7 5ET
Registered in England & Wales: [COMPANY NUMBER]
VAT number: [VAT NUMBER]
Email: it@silverlady.group

This notice explains how Silver Lady Holdings Ltd, trading as TMSWizzard ("we", "us"), uses personal data when it acts as a controller. It is written to meet the UK General Data Protection Regulation (UK GDPR) and the Data Protection Act 2018, as amended by the Data (Use and Access) Act 2025.

Version 1.0. Effective September 2026.

1. Who we are

Silver Lady Holdings Ltd, Church View, Newton Arlosh, Wigton, Cumbria, CA7 5ET. Company number [COMPANY NUMBER]. ICO registration reference [ICO REFERENCE]. We have not appointed a Data Protection Officer. Data protection is overseen by our directors. Contact: it@silverlady.group.

2. When this notice applies, and when it does not

It applies to data we decide how to use: user accounts and sign-in records, billing records, website enquiries, signup details, support correspondence and security logs.

It does not apply to the operational data our customers load into TMSWizzard, such as driver records, vehicle positions, delivery addresses and proof of delivery. For that data the haulage operator using TMSWizzard is the controller and we act only as its processor under our Data Processing Agreement. If you are a driver, a delivery recipient, a subcontractor or a customer of one of our customers, please contact that operator first. If you contact us, we will pass your request to them.

3. The data we collect and why

Data	What it includes	Purpose	Lawful basis
User accounts	Email address, full name, phone number, role, company and depot	Creating and running your account, sending sign-in links	Contract
Sign-in and session records	Sign-in times, IP address and browser user agent	Authentication, security and fraud prevention	Legitimate interests (keeping the service secure)
Billing records	Company name, Square customer reference, card token, card brand, last four digits, expiry date, every charge with amount, VAT and receipt link	Taking payment, accounting and tax	Contract and legal obligation
Signup details	Company name, contact name, work email	Forming the contract and creating the account	Contract
Website enquiries	Company, contact name, email, phone, vehicle count, free-text notes	Responding to your enquiry	Legitimate interests (responding to a business enquiry you made)
Support correspondence	Emails you send us and our replies	Providing support	Contract and legitimate interests

Data	What it includes	Purpose	Lawful basis
Security logs	Rate-limit keys made from an IP address or a lower-cased email address	Preventing abuse of sign-in, signup and enquiry forms	Legitimate interests
Administrative audit log	Which of our staff changed which field, without the values	Accountability for privileged access	Legitimate interests
Server logs	IP address, page or API path requested, and limited technical identifiers	Operating, securing and debugging the service	Legitimate interests

We never receive your full card number, security code or card PIN. These are entered into Square's own secure form.

We do not use your data for advertising, we do not sell it, and we do not carry out automated decision-making or profiling that has legal or similarly significant effects. TMSWizzard does not use artificial intelligence or machine learning services.

4. Where we get data from

Directly from you, from the administrator at your company who invites you as a user, and automatically from your device when you use the service.

5. Who we share it with

We use the following providers. Full details are in our Sub-processor List.

Provider	Role
Supabase	Database, authentication and file storage. Sign-in and invitation emails are currently sent through Supabase's email service.
Vercel	Application hosting and server logs
Square	Card payments, 3-D Secure and hosted receipts
Microsoft (Microsoft 365 and Teams)	Sending documents by email and internal alerts for new enquiries
Resend	Internal email alerts for new enquiries
TomTom	Map tiles, geocoding and routing. When a map is displayed your browser fetches tiles directly from TomTom, which discloses your IP address to TomTom.

We may also share data with our professional advisers, with HMRC and other authorities where the law requires, and with a successor if the business is transferred.

6. Where your data is held and international transfers

Our database and file storage (Supabase) and our application hosting (Vercel) are located in the United Kingdom (London). Some providers are headquartered outside the UK and may access or process limited data elsewhere, for example for support, email delivery or payment processing. Where that happens we rely on UK adequacy regulations (including those covering the EEA and the UK Extension to the EU-US Data Privacy Framework for certified US organisations), or on the ICO's International Data Transfer Agreement or the UK Addendum to the EU Standard Contractual Clauses. You can ask us for details of the safeguard used for a particular provider.

7. How long we keep it

Data	Retention
User account and profile	For the life of the account. When a user is removed from a company, their name and phone number are erased within 30 days of our being told, unless needed for a reason below.
Sign-in and session records	12 months
Billing, charge and VAT records	6 years from the end of the financial year they relate to
Website enquiries that do not become customers	12 months from last contact
Support correspondence	3 years from the end of the matter
Rate-limit security logs	1 day
Administrative audit log	6 years
Server logs	Our hosting provider's standard log retention, no more than 90 days

Our full Data Retention Schedule is available on request.

8. Your device

- **Cookies and local storage.** We use only strictly necessary cookies and storage. See our Cookie Notice.
- **Location.** The driver app asks your browser for permission to read your location. It sends a position no more often than every 15 seconds and only while tracking is switched on. The operator you work for decides whether tracking is used and is the controller of that data.
- **Camera.** The driver app asks for camera access to scan barcodes and photograph proof of delivery. Images are captured only when you take them.
- **Shared computers.** Unsaved quotation and planning drafts are held in your browser's local storage for up to 7 days so work is not lost. On a shared computer, sign out and clear drafts when you finish.

9. Your rights

You have the right to be informed, to access your data, to have it corrected, to have it erased, to restrict or object to processing, and to data portability. Where we rely on legitimate interests you may object at any time. These rights are subject to conditions and exemptions in law. When you ask for access we will carry out a reasonable and proportionate search.

To exercise a right, email it@silverlady.group. We will respond within one month. This can be extended by two months for complex requests, and we will tell you if so. There is normally no fee. We may need to verify your identity.

Some records cannot be erased on request because we must keep them by law or need them for legal claims, for example billing and VAT records, audit logs and evidence of contract acceptance. Where we cannot erase we will restrict use to those purposes.

10. Complaints

If you are unhappy with how we have handled your data, please email it@silverlady.group. We will acknowledge your complaint within 30 days and respond without undue delay. You also have the right to complain to the Information Commissioner's Office at ico.org.uk or on 0303 123 1113.

11. Changes

We will post any changes to this notice on our website and update the version and date. We will tell account administrators by email about material changes.
