This list names the third parties that process personal data for TMSWizzard. It forms part of our Data Processing Agreement. We give at least 30 days' notice of additions or replacements.

Version 1.0. Last updated September 2026.

1. Sub-processors for customer data

These providers process Customer Personal Data on our behalf when we act as your processor.

Provider	Purpose	Data involved	Location and transfer safeguard
Supabase	Database, authentication, file storage, sign-in and invitation emails	All customer data, including driver records, GPS positions and proof-of-delivery files	Hosted in the UK (London). Supabase is a US-headquartered company. Any access from outside the UK is covered by its data processing addendum with the UK Addendum or IDTA. [CONFIRM MECHANISM]
Vercel	Application hosting, serverless functions, scheduled tasks and server logs	All request traffic, IP addresses, and logs that may include postcodes and stop references	Functions run in the UK (London). Vercel is a US-headquartered company. UK Addendum or UK Extension to the EU-US Data Privacy Framework. [CONFIRM MECHANISM]
Microsoft (Microsoft 365, Graph API)	Sends invoices, quotations, credit notes, statements, chase letters and proof-of-delivery emails with PDF attachments. A copy is kept in the sending mailbox.	Recipient email addresses and the content of the documents, including names, addresses, line items, recipient names and photographs	Microsoft 365 tenant data held in the UK or EEA. [CONFIRM TENANT REGION] Microsoft Products and Services Data Protection Addendum.
TomTom	Geocoding, routing, distance calculations and map tiles	Stop addresses and postcodes, coordinates of a day's route, approximate vehicle positions shown on a map, and the viewing user's IP address	Netherlands (EEA). Covered by UK adequacy regulations.
postcodes.io (Ideal Postcodes)	Fallback postcode lookup	UK postcode of a stop only	United Kingdom

2. Providers we use as a controller

These providers process data for which we are the controller, as described in our Privacy Notice.

Provider	Purpose	Data involved	Location and transfer safeguard
Square	Subscription card payments, 3-D Secure, refunds and hosted receipts	Card details entered by the customer directly into Square's form; company name, company reference, card token and charge amounts from us	UK and US. Square acts as a controller for payment processing. UK Addendum or Data Privacy Framework. [CONFIRM MECHANISM]
Microsoft Teams (Power Automate)	Internal alert when a website enquiry is received	Enquiry company, contact name, email, phone, vehicle count and notes	As Microsoft above
Resend	Internal email alert when a website enquiry is received	The same enquiry fields	US. UK Addendum or Data Privacy Framework. [CONFIRM MECHANISM]

3. Services you connect yourself

These are not our sub-processors. They act under your own agreement with the provider. We exchange data with them only when an administrator connects them.

Service	What is exchanged
Xero	Customer name, account code and accounts email; invoice numbers, dates, references and line items. Requests and responses are logged in TMSWizzard for 12 months to support troubleshooting. Your Xero access tokens are stored encrypted.
Tachograph data provider (where connected)	A driver identifier is sent. Drivers' hours activity records are returned.

4. Services your users may open from their browser

These are opened in a new tab at the user's request. They receive information directly from the user's browser under their own terms.

Service	What is passed
WhatsApp (Meta)	The contact's phone number and a proof-of-delivery link, when a user chooses to share by WhatsApp
Google Maps	The delivery address, when a driver chooses to open navigation

5. Not used

TMSWizzard uses no analytics, advertising or artificial intelligence providers. Fonts are hosted by us and are not fetched from Google.

6. Changes and objections

We will notify administrators of changes by email or in the product. To object to a change, email it@silverlady.group within 14 days of the notice, as described in the Data Processing Agreement.
